POOL INDUSTRY EXPO AGAIN!

Linda in front of P.I.E. banner

THIS YEAR in Monterey, CA – Oct 1-3rd!

In attendance were many pool service technicians for IPSSA's (Independent Pool & Spa Service Association) yearly P.I.E. Show including Stan and Linda Phillips. Exhibitors from all avenues of the Pool/Spa Industry were on hand, to display and demonstrate their products' (cleaning tools, chemicals, safety, and leisure time products, etc.), advantages as well as new technology and ideas.

There was a schedule of classes each day, on the latest equipment and techniques, including: salt generators, algae problems, pool and spa motor repair, anti-entrapment issues, to name just a few. Our participation in these seminars helps us fulfill one of our **most important and ongoing goals** at **Translucent Services**, that is **CONTINUING OUR EDUCATION to better meet your needs, in a rapidly changing industry!**

We are always looking to keep up-to-date on the newest and most effective products in the industry. Many of the new products were related to **anti-entrapment safety** like the **new Pentair pump** pictured below that has an **anti-entrapment feature built in.**

Stan and Gabe Talese, HASA Rep in front of the HASA Booth with the Indiana Jones theme, one of the most creative booths at the show!

Remember, knowledge is power and in this case it can mean safety for you and your loved ones! 

FOR ALL YOUR POOL & SPA NEEDS: ♦ WEEKLY FULL SERVICE ♦ CHEMICAL SERVICE ♦ EQUIPMENT REPAIRS
♦ FILTER SPLITS ♦ SALES & INSTALLATION AND MORE!!

Stan Phillips Owner/Operator (408) 644-5609

Linda Phillips, Editor/Accountant/Webmaster 2935 Roop Road, Gilroy, CA 95020

SOME OF THE EXHIBITORS WE MET

HASA our Supplier for Chlorine & Acid!
HASA have the best chemicals at reasonable prices.

They have their plant in Pittsburg, CA. We get the chemicals from our local distributor, **General Pool & Supply** in Sunnyvale, CA.

Stan with our local HASA representative Gabe Talese

Stan and Linda with Eric the Owner of **Piranha**, the manufacturer of high quality pool nets for the pool professional.

As a Thank You to You for the opportunity of servicing your pool/spa, we have enclosed a small gift, complements of vendors at the show!
THANKS P.I.E.!!!

Stan and Linda at the **Hayward** booth with our local representative, Dave Lagrimas (left of Linda) and other staff at Hayward. Hayward is a provider of high quality pool equipment including, pool sweeps, filters, pumps, and more!

Stan and Linda with Mike, rep of **Raypak** the manufacturer of high quality heaters, one heater being used as a table for brochures and schedules of classes for Raypak heaters.

We learned about some **exciting new products** that address the **prevention and treatment of algae** and various kinds of **stains**. We will be putting those product to use to provide you with the best service possible!

Stan at **Pool Cover's** booth, a manufacturer of quality pool covers for protection of family and friends for residential pools. Why not upgrade to an automatic system if you have a manual one.

FALL IS UPON US!

With it comes the colder weather, windy days and **leaves and more leaves**, dumping into your pool! And while you may not be using it as much, it's still important to keep up with the cleaning and water chemistry balance to protect your pool/spa from insidious corrosion, staining, and other damage. ☺
